The image shows a C++ IDE with a dark theme. The top toolbar includes icons for file operations, a 'Run' button, 'Debug', 'Stop', 'Share', 'Save', 'Beautify', and a download icon. The editor window, titled 'main.cpp', contains the following code:

```
1 #include <iostream>
2 using namespace std;
3
4 int main() {
5     int hours = 7;
6     int minutes = 12;
7     int totalMinutes;
8
9     // Calculation
10    totalMinutes = (hours * 60) + minutes;
11
12    // Output
13    cout << "Input hours: " << hours << endl;
14    cout << "Input minutes: " << minutes << endl;
15    cout << "Total: " << totalMinutes << " minutes" << endl;
16
17    return 0;
18 }
19
```

Below the editor is a console window with a black background and white text. It displays the program's output and a completion message:

```
Input hours: 7
Input minutes: 12
Total: 432 minutes

...Program finished with exit code 0
Press ENTER to exit console.
```
